

Update:

9th September 2024

Over the next few months there will be some changes to the locations where Staffordshire's Treatment and Recovery Services (StARS) provide support from. We will continue to work hard to minimise disruption for people we work with.

We have renovation work in one hub and moving location for four hubs. The premises changes bring an opportunity for us to co-locate with other health and social care services and the details are below.

This is the first update email, and we will continue to provide frequent updates during this time to ensure you are kept informed of the changes.

During the temporary closures we will continue to provide treatment and support from temporary locations and our teams will be available and can be contacted by phone or email (details below).

What's new and what's changing

Additional location:

Cannock

We have started providing services from the additional location of Park House in Cannock

The team can be contacted on 0300 124 0356 or emailing Starswest@mpft.nhs.uk
